CPL Reading Rooms

Chughtai Public Library puts its best efforts in the establishment of CPL reading rooms at the nearest place where persons get easily educate themselves. The project of Reading Rooms is increasing very promptly.

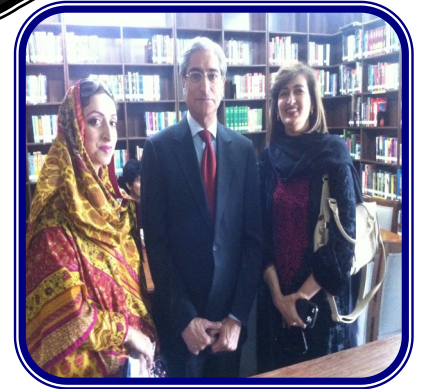

CPL inaugurated 3rd reading room in Cavalry Ground Lahore on 09-03-2015 & established 4th one in Jhelum on 21-04-2015.

We are getting awesome feedback of the readers for provision of relevant material and comfortable reading environment.

PALS President Visited CPL

President of PALS (The Association of Pakistani American Ladies for Social Welfare) Ms. Shakila visited Chughtai Public Library on April 9, 2015. She was very pleased to see CPL resources and services. She also gifted some valuable books to CPL.

Feedback of Users:

Mr. Wajid Iqbal is a regular user of CPL

He says,

Being regular user of this library. I found this library a very good opportunity for those who do not have proper place for reading. Its ambience is excellent.

It provides all kinds of reading material especially on law, CSS and other competitive exams. Its staff is very cooperative. They try their best to accommodate their visitors.

Thanks to Dr. Chughtai and all staff of CPL!

With the help of great God and an efficient study environment provided by CPL, I have cleared my all CA papers in which I appeared.

Regards,
Abuzar Khan!

S

ummer Camp 2015

During the summer vacations children were free for few months and Chughtai Public Library decided to organize a summer camp for the children to keep them busy and possibly enrich them with some new skills and knowledge in pleasant and healthy environment to save the wastage of their time and health during summer.

Summer camp was started from 20 June 2015, more than 40 children were registered for summer camp. The summer camp focused on academic and extra-curricular activities. It was free of cost for the children age 6-12 year old of the local community, studying in the different schools. The children of different grades enjoyed and learned during summer camp with following activities:

- * Islamic education
- * Indoor games
- * Paintings/art &craft
- * Story telling
- * Computer literacy
- * Vocabulary spelling
- * Creative writing
- * Spoken English
- * Cartoon movies

Windows 10

Windows 10 is a personal computer operating system developed by Microsoft as part of the Windows NT family of operating systems.

Windows 10 introduced revisions to the operating system's user interface, including the addition of a Start menu similar to Windows 7 but incorporating Windows 8's *live tiles*, a virtual desktop system, a notifications sidebar (replacing the charms bar on Windows 8/8.1), and the ability to adjust user interface behaviors based on available input devices—particularly on laptops. Windows 10 provides integration with additional Microsoft services, including the intelligent personal assistant Cortana, and Xbox Live. Windows 10 also introduced a new default web browser, Microsoft Edge, as well as integrated support for fingerprint and face recognition login, and new versions of DirectX and WDDM to improve the operating system's graphics capabilities for games.

Best New Features in Windows 10:

- **It's free:** One of the biggest new developments in the Windows 10 story is that it will be completely free to upgrade
- **Start Menu:** Windows 10 will mark the return of the much loved Start Menu. In the latest build shown, it has some updated graphics and can optionally go full-screen. Half of the menu looks pretty much like it did in Windows 7 but there's the obvious addition of Live Tiles.
- **Cortana:** Cortana is one of the headline features of Windows 10 – at least as far as Microsoft is concerned. Cortana will help you find things on your PC, manage your calendar, track packages, find files, chat with you, and tell jokes. The more you use Cortana, the more personalized your experience will be.
- **Xbox app and streaming:** There's good news for gamers as not only with the **Xbox One** get Windows 10. Microsoft has introduced some sweet new features. Windows 10 will come with the Xbox app (although there was no mention of Windows 10 for phones getting it) which has features like the ability to control the Xbox One and a DVR capture for any Windows games.
- **Universal apps:** The news of Universal apps is good news for anyone using more than one Windows device. A bundle of apps including Photos, Videos, Music, Maps, People & Messaging and Mail & Calendar (and presumably more in the future) will look and feel the same across different devices and screen sizes. The data will also be saved and sync automatically via One Drive.
- **Edge browser:** Microsoft's new web browser is called Edge, formally 'Project Spartan' and will replace Internet Explorer in Windows 10.
- **Continuum Mode:** On 2in1 devices (hybrids and convertibles), Windows 10 will make life easier with a 'Continuum Mode'. This means the OS moves easily between laptop (keyboard/mouse) and tablet (touch) usage modes automatically. It will do this if it detects the loss or addition of a keyboard.
- **HoloLens:** This one might be somewhat far off and futuristic, but Windows 10 is the first holographic computing platform. A set of APIs will mean developers can create holographic experiences in the real world.

CPL Respected Donors

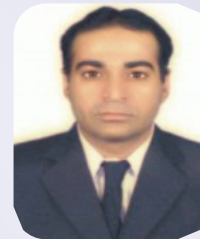

- * Mr. Ali Raza Mehdi from Islamabad
- * Dr. Saeed Shahid from Lahore
- * Miss Sheekela from Lahore
- * Mr. Bilal from Lahore

We are thankful to our valued donors who donated their precious collection to Chughtai Public Library. All donated books are very helpful for CPL users.

Donation to Library

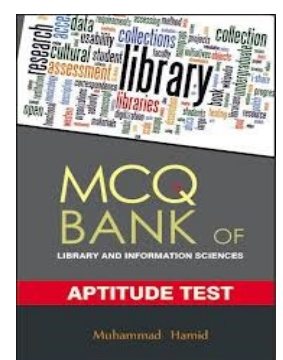

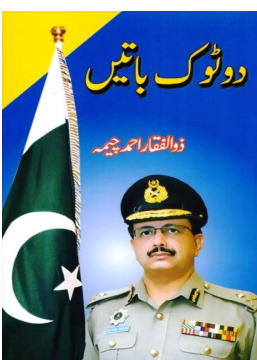

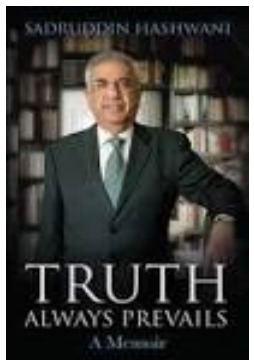

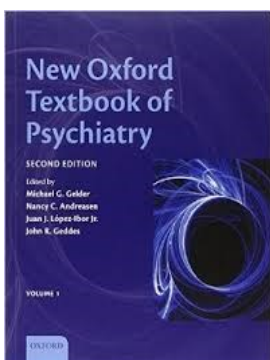

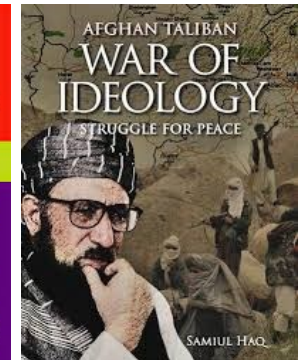

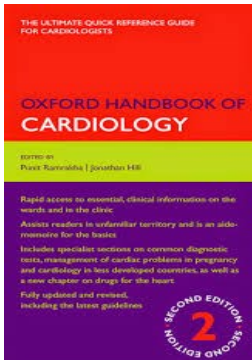

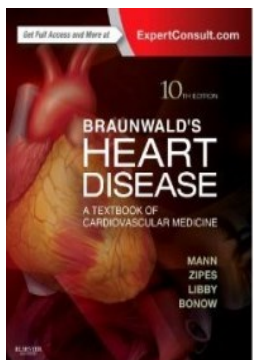

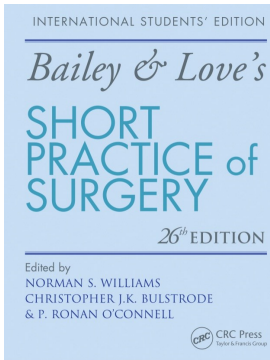

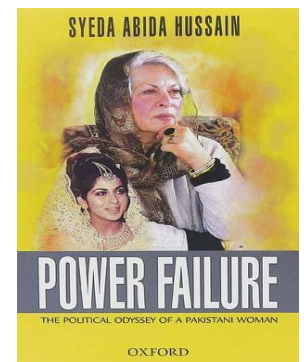

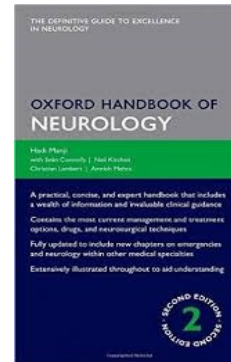

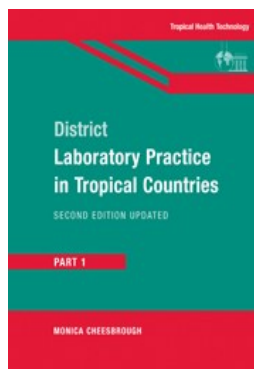

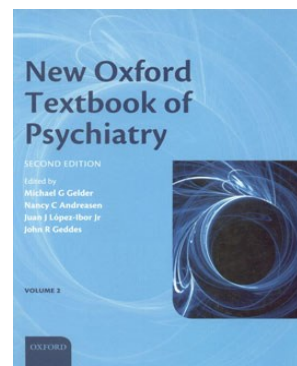

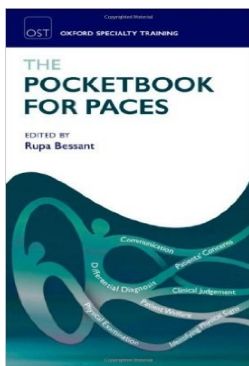

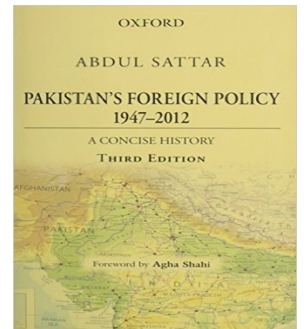

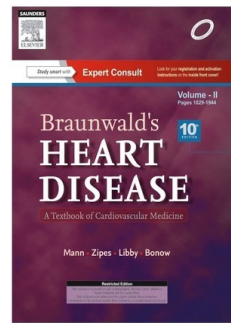

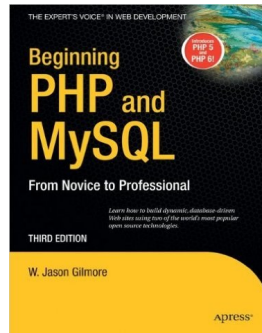

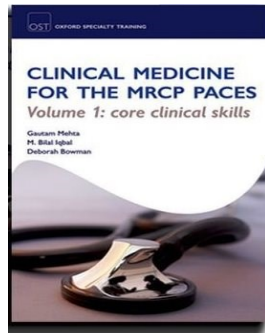

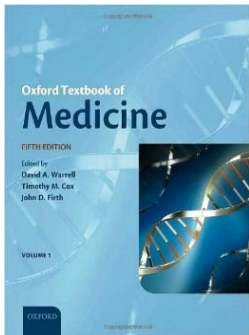

Book lover of the Issue

CPL is happy to announce a title of **CPL Book Lover** to Mr. Atif Kaleem. He is top of the list who borrowed books from Chughtai public library. He is an advocate by profession.
