Proceedings of the Punjab Government (Ministry of Local Self-Government), in the Local Self-Government (Small Towns) Department, No. 19274-L. S.-G., dated the 21st June 1930.

READ :—

The Annual Administration Reports on Small Towns for the year 1928-29.

The only districts in which there are no small towns are Simla and Montgomery. In the former district Simla itself is of course the only town, and in Montgomery the older towns have already become municipalities, while the newer colony towns have not yet emerged from the chrysalis stage of notified areas. During the year under report two new small town committees were constituted at Kila Sobha Singh, in the Sialkot district, and Kallurkot, in the Mianwali district, thereby raising the total number of such committees from 109, which was the number at the end of the previous year, to 111. Of these, more than two-thirds have non-official presidents, while the remainder have elected as their presidents nominated official members. The Small Towns Act has since its inception provided that the president shall be elected subject to the approval of the Commissioner. No small town committee, therefore, has an appointed or *ex-officio* president, and in the few towns where there is an official president such president has been elected by the unfettered vote of the members of the committee. If during the term of an official thus elected president it appears to Government that the committee in question would prefer a non-official president, it is the policy of Government to withdraw the official in question from membership of the committee and to call upon the committee to elect a new president from among their members. Nearly 80 per cent. of the members of these committees are elected and the remaining 20 per cent. are either appointed by name or by virtue of their office. The largest number of meetings (42) was held at Ramnagar, in the Gujranwala district, and the smallest (4 each) at Kila Sobha Singh, in the Sialkot district, and Vehoa, in the Dera Ghazi Khan district. Twenty-four committees held meetings below the statutory number. Of these, no less than 6 belonged to the Sialkot district and 3 to the Dera Ghazi Khan district. The failure to hold the statutory number of meetings is attributed to various causes among which may be mentioned lack of business, lack of interest, insufficient realisation of civic responsibilities and friction between the members. No less than 7 meetings at Kangra, 8 each at Lalamusa (Gujrat) and Sillanwali (Sahpur) and 12 each at Garh Maharaja (Jhang) and Jalalpur Pirwala (Multan) had to be adjourned for want of quorum. No satisfactory explanation as regards these adjournments is forthcoming. The average attendance of non-official members ranged from 34 per cent. at Taunsa (Dera Ghazi Khan) to 100 per cent at Kalanwali (Hissar) and Qila Didar Singh (Gujranwala), and that of official members from 14 per cent. at Sangla (Sheikhupura) and Kalanwali (Hissar) to 100 per cent. at a considerable number of other places. The poor percentage of attendance of non-official members at Taunsa has not been explained by the local officers, while the Deputy Commissioner of Sheikhupura attributes the extremely small percentage of attendance of official members at Sangla to the fact that two of the nominated members had resigned owing to their transfer from the station and their substitutes were appointed after a considerable time. It is remarkable that two of the members of the committee of Hidayatpur Chhaoni (Gurgaon) when asked to explain their poor attendance sought safety in resignation. One town committee, that of Sohra, in the Gujranwala district, did not work harmoniously owing to the existence of factions which necessitated the administration of a special warning to each of the members. These factions have since broken up. The committee of Jatoi, in the Dera Ghazi Khan district, was practically moribund as it had no source of income, except *dharat*, which cannot be sanctioned as a tax under the Act. The committee has been asked to consider the advisability of adopting some other form of taxation.

2. Forty-two general elections and 7 bye-elections were held during the year. Of the 252 seats to be thus filled, 138 were contested, the corresponding figures for

Elections.

Towns in the districts of
Lahore, Gujranwala, Gujrat and Shahpur districts competition was exceedingly keen and 60 to 80 per cent. of the voters went to the polls. The highest percentage (91) of voters voting was at Shahkot, in the Sheikhupura district, and the lowest (4) at Radaur, in the Karnal district. At Hariana and Tarn Taran there were on an average 6 candidates per contested seat, the provincial average being 2.9 against 3.3 in the previous year. Two elected members of the Pattoki (Lahore) committee and one member of the committee of Jalalpur Pirwala were removed by Government under section 7 of the Act. The voters' registers were revised generally in the Gurgaon, Ambala, Rohtak, Jhang, Dera Ghazi Khan and Multan districts.

3. The Commissioner of Ambala reports that model orders under General Orders. various clauses of section 35 were framed and circulated to all committees in the division. This,

it is hoped, will considerably facilitate the framing of general orders by committees. The committees in the Karnal and Rohtak districts do not appear to have made adequate use of section 5. On the other hand, it is reported that the committee of Tohana (Hissar) took considerable interest in the practical application of general orders, and that the town committee of Kalka evinced special interest in the control of buildings and of encroachments under the general order issued by the committee in the previous year. Kalka, however, has had in the past a very bad record in the matter of allowing encroachments on public thoroughfares placed in its charge. In the Jullundur division powers under the general orders appear on the whole to have been used adequately. The model general orders originally drawn up by the Commissioner of Lahore have been subjected to scrutiny and with slight modifications have now been circulated to all committees for guidance, and it is hoped that this will considerably accelerate the process of framing general orders by town committees.

4. Special orders issued by committees amounted to 377 against 430 in the previous year. As many as 45 special orders were issued by the town committee of

Special Orders. Ahmadpur, in the Jhang district, and 42 and 37 by the committees of Hafizabad and Tohana, respectively. The only instances reported of the abuse of the power to issue special orders are from the Jullundur and Multan districts. From the former district the Deputy Commissioner reports that in Nawashahr the power to issue special orders was abused to some extent, while the Deputy Commissioner of Multan reports that the power was abused in Kahror to serve personal ends. Altogether 129 persons were convicted for breaches of general and special orders against 70 in the previous year, the average amount of fine imposed on each convicted person being Rs. 51/- against Rs. 57/- in the previous year. Persons allowed to compound for offences under section 44 numbered 16 against 72 last year, the largest number (35 being at Tandlianwala, in the Lyallpur district.

5. The total income of committees amounted to Rs. 8,10,000 against Rs. 8,72,000 in the previous year and Rs. 8,90,000 in the year 1926-27. Income

from taxes and tolls amounted to Rs. 3,91,000 as compared with Rs. 4,08,000 in the previous year. Of this amount property and personal town rates and other taxes respectively yielded Rs. 29,000 and Rs. 9,000 more than in the previous year, and professional tax and terminal tax respectively Rs. 21,000 and Rs. 34,000 less. A decrease of Rs. 9,000 in slaughterhouse and market fees and of Rs. 40,000 in rents is also noticeable. The incidence of taxation per head of population was 14 $\frac{3}{4}$ annas against 15 $\frac{1}{2}$ annas in the previous year, and of taxation, including fees, Re. 1-14-6 against Rs. 1-1-1 in 1927-28. Arrears of taxes and rents respectively rose from Rs. 1,68,000 and Rs. 63,000 to Rs. 1,73,000 and Rs. 66,000 during the year.

In the Ambala Division the assessment and collection of taxes is reported to have been carried out fairly and efficiently, except in the Karnal district, where, in some places, owing to defective assessment, and in others to scarcity conditions, some difficulty was experienced. In the Gurgaon district the defaulters are said to be mostly Government servants, especially police constables and jail warders, from whom, owing to their frequent transfers, arrears of taxes could not be easily realised. The committees of Tidayatpur Chhaoni (Gurgaon) and Mehm Rohtak had to take action under section 32 of the Act for the recovery of arrears. On the whole, the Commissioner reports good progress in the assessment work, and thinks that this satisfactory result is to some extent due to the Moharrirs of small town committees having received a special course of training.

In the Jullundur Division the committee of Dharmkot (Ferozepore) is the only committee which was able to realise all its arrears of profession tax. In Nawashahr (Jullundur) large arrears are said to be due from Railway servants who, it is stated, refuse to pay the tax. The attention of the Commissioner of the Division is being invited to the necessity of taking up the matter with the Railway authorities, and if necessary of having recourse to the provisions of law for the realisation of these arrears.

In the Lahore Division, although it is reported that most committees are exploiting their resources adequately, it is obvious that sustained efforts are not made to wipe off arrears, the reason given being that taxation is not often welcomed by any section of the public, and members of local bodies who have to seek re-election are usually very cautious in pushing schemes of taxation which may bring them unpopularity and jeopardise their chances of re-election.

In the Rawalpindi Division, in the case of certain committees of the Shahpur district, the members themselves are said to be defaulters, a circumstance which Government view with grave disapprobation. This matter calls for the special attention of the local officers who should warn defaulting members that Government will regard persistent default in this direction as sufficient evidence of "unfitness to act" within the meaning of section 7 of the Act.

In the Multan Division the assessment and collection of taxes was, on the whole, satisfactory, though here also the outstanding arrears are heavy and special efforts are needed to clear them off.

Government view with increasing concern the large amounts of arrears of taxation outstanding which are a feature of the reports year after year. In matters of finance it is the first duty of a local body to introduce an equitable and adequate system of taxation; the second duty is to assess it fairly; and the third duty is to collect it promptly when assessed. The first of these duties is generally well performed so far as equity is concerned, but little attention is paid to adequacy; the second is reasonably well performed; but the third is almost universally neglected.

6. The total expenditure of committees during the year amounted to Rs. 8,51,000 against Rs. 9,35,000 in the previous Expenditure.

Expenditure. year. It exceeded the total income by Rs. 41,000, the excess being met by drawing on the balances of committees. Expenditure on conservancy and sanitation rose from Rs. 1,94,000 to Rs. 2,14,000 and on education from Rs. 89,000 to Rs. 1,11,000, while that on water-supply fell from Rs. 1,03,000 to Rs. 57,000 and on roads from Rs. 1,13,000 to Rs. 79,000.

7. No serious efforts were made by committees to tap new sources of income and thus improve their finances, with the result that in many places essential services were neglected. On all sides the plea of poverty is raised. The resources of most committees, it is said, are such that they barely suffice for the simplest needs of civic life. In a large number of towns the drainage system is in a miserable condition, water-supply of an approved kind is non-existent and roads are badly neglected, but owing to the plea of paucity of funds it is not possible to effect tangible improvements in any of these directions. The reason for these complaints is not difficult to find. The

provincial average of the incidence of taxation per head in municipal committees is Rs. 4-4-0. In small towns, as already noted, it is 14 $\frac{3}{4}$ annas for taxes alone, or Re. 1-14-6 for taxation, including fees. Until public opinion is prepared to insist on an adequate scale of taxation it cannot demand a higher standard of municipal administration.

8. Classes for the training of small town moharrirs were held at Karnal, Hoshiarpur, Gujranwala, Shahpur and Multan, at which 71 moharrirs received training with good results.

Training of Small Town Moharrirs.

9. Government desire to take this opportunity of expressing their obligation to all presidents, non-official and official alike, who have given their time and energies to the service of the public in the administration of small towns, and to all vice-presidents and members who have taken part in the administration of these towns.

In particular, the thanks of Government are due to—

Khan Mehr Muhammad Khan

President, Tohana,

Khan Sahib Captain Muhammad Khan.

President, Mitrnwali,

Chandhi Khan

Corrigendum.

IN paragraph 9 of the review on the Annual Administration Report on Small Towns for the year 1928-29, published on pages 181—185 of the Supplement to the *Punjab Gazette*, dated the 27th June 1930, for "Sardar Sahib Upal Singh" read "Sardar Sahib Upar Singh."

Government desire to record their appreciation of the good work done by Commissioners, Deputy Commissioners and other local officers in the supervision and control of small town committees. Commissioners are being asked to convey to gentlemen commended by them for good work the appreciation of Government. It is only by sustained efforts on the part of supervising officers from without, and of public-spirited members from within, that the civic life of the small towns of the Punjab can progress.

ORDER.—Ordered that copies of this review be forwarded to all Commissioners of Divisions and Deputy Commissioners in the Punjab, and the Secretary to Government, Punjab, Public Works Department, Buildings and Roads Branch, and be submitted to the Government of India in the Department of Education, Health and Lands.

Ordered also that the Review and a translation of it be published in the *Punjab Government Gazette*, and that copies of the Urdu translation be supplied to Deputy Commissioners for the information of town committees.

By order of the Punjab Government (Ministry of Local Self-Government),

FIROZ KHAN, NOON,
Minister for Local Self-Government.

ALAN MITCHELL,
Secretary to Government, Punjab,
Transferred Departments.
