REVIEW

OF

Municipal Administration in Burma (Except Rangoon)

For the Year 1927-28.

Extract from the Proceedings of the Government of Burma, Local Government (Municipal) Department,—No. 357T28, dated the 5th October 1929.

READ—

The Reports of Municipal and Town Committees in Burma (except that of the Municipal Corporation of Rangoon) on the work of the year 1927-28, with the remarks of the Divisional Commissioners thereon.

1. The number of Municipalities (excluding Rangoon) was the same as in the previous year, *viz.* 57.

Number of Municipalities and Constitution of Committees.

At Syriam the number of members of the Committee was reduced from 17 to 14, *i.e.* 13 elected and 1 *ex-officio*. This change took

effect from 11th February 1928 after the General Election.

2. Out of 1,444 meetings convened during the year 72 proved abortive for want of a quorum and 57 were adjourned, against 66 and 54, respectively, in the preceding year.

3. The total income of Municipal Funds was Rs. 74,78,838 as compared with Rs. 74,92,886 in the previous year. The income from Municipal rates and taxes fell slightly from Rs. 31,75,654 to Rs. 31,74,157. While the receipts from the tax on animals and vehicles, tolls, water-rate, lighting-rate and conservancy tax showed slight increases, the receipts from the tax on houses and lands decreased by nearly Rs. 43,000 and this was the main cause of the falling-off.

The income from "Realizations under Special Acts" was also less, the figures for the year under report and the previous year being Rs. 92,416 and Rs. 1,34,967 respectively. The main cause was a very noticeable decrease of Rs. 44,096 under license-fees for motor-cars which are now credited to Provincial Funds. The increase under license-fees for the sale of drugs noticed in the last Review was well maintained, the figures for the current and two previous years being Rs. 8,396, Rs. 3,585 and Rs. 309.

The revenue derived from municipal property and powers apart from taxation amounted to Rs. 32,83,342 as against Rs. 32,02,630 in the previous year. Noticeable variations under this head as compared with the previous year are as follows :—

| | Rs. |
|--------------------------------------------------------------------------|------------------|
| Rents of lands, houses, <i>serais</i> (rest-houses), dāk bungalows, etc. | 4,561 decrease. |
| Hack-cart licenses and receipts | 6,753 decrease. |
| Inspection and registration fees and lodging-house fees | 7,700 increase. |
| Pawnshop license fees | 90,124 increase. |
| Miscellaneous fees and fines | 5,729 increase. |
| Fines under Municipal and other Acts | 9,285 decrease. |

The very large increase in the receipts from Pawnshop license fees is principally due to the increase of Rs. 75,687 enjoyed by Mandalay Municipality, Rs. 11,020 by Myingyan, Rs. 7,450 by Ma-ubin, Rs. 10,137 by Pegu and Rs. 8,290 by Bassein. Keen competition at the auction sales is said to be the reason for increased bids at Ma-ubin, Pegu and Bassein, but the Mandalay Municipal Committee could give no reason why Rs. 81,000 was realised for four shops which fetched Rs. 5,313 only in the previous year and Rs. 6,892 in the year before.

The incidence of taxation per head of population appears from the figures to have remained the same, but the figures take no account of the natural increase of population. In only 10 municipalities was the incidence of taxation Rs. 5 or over.

The incidence of income appears to have risen from Rs. 9-2-6 to Rs. 9-3-0. It was highest at Pegu (Rs. 17-10-5), with Myingyan (Rs. 17-10-4) second and Maymyo (Rs. 17-6-10) third. It was lowest at Pyu with Rs. 3-5-2, at Kyangin with Rs. 3-6-4 and at Allannyo-Ywataung with Rs. 4-1-2. The income of Pyu shows an extraordinary decline.

4. Arrears of taxes outstanding at the end of the year amounted to Rs. 2,29,160. Large outstandings during the year under review were reported from the Municipalities mentioned below. The figures for 1926-27 are inserted in brackets for comparison.

Mandalay Rs. 1,07,829 (1,39,637), Toungoo 15,163 (19,652), Myingyan Rs. 13,092 (8,633), Maymyo 9,445 (13,211), Akyab 9,424 (8,598).

The Municipalities of Yandoon, Ngathainggyaung, Moulmein, Mōnywa and Bhamo had no outstandings.

Myanaung showed the highest percentage of outstandings (25.51); Nyaunglebin came second with a percentage of 25.40 and Pyu third with a percentage of 24.47. Seven municipalities collected over 99 per cent. of the total demand, and 2 collected less than 75 per cent. The position of Service Tax Funds was, in many cases, not stated, probably because of the prescribed accounts not being properly maintained. An

examination of the figures, where they were supplied, shows that these Funds were still in an unsatisfactory state. The statement below shows the few municipalities where the Service Tax Funds had credit balances—

| Lighting Tax Fund. | Water Tax Fund. | Scavenging Tax Fund. |
|--------------------|-----------------|----------------------|
| Bassein. | Akyab. | Myingyan. |
| Thayetmyo. | Thayetmyo. | Tavoy. |
| Allanmyo-Ywataung. | Pegu. | Maymyo. |
| Minhla. | Maymyo. | Minhla. |

| Mergui. | | Thongwa. |

5. The ordinary expenditure rose from Rs. 65,70,614 to Rs. 75,46,420 during the year under review. Expenditure on General Administration, Office Establishment, Inspection, etc., rose from Rs. 5,33,260 to Rs. 5,61,717. While expenditure on the collection of tolls on roads and ferries showed a marked increase from Rs. 889 to Rs. 14,345, there was no corresponding rise in the collections, the figures being Rs. 4,33,678 for the year under review and Rs. 4,32,547 for the previous year. This apparent discrepancy is due to some Municipalities not understanding the distinction between charges of collection and payment made to other local bodies of a certain share of the receipts from this source and wrongly showing the latter as collection charges instead of as refunds. Under "Public Safety" there was an increase of Rs. 77,735, largely due to an increase under "Lighting" of Rs. 65,501. Rs. 7,69,188 more was spent on "Public Health and Convenience," the large increases being under the following detailed heads :—

| | Rs. |
|---------------------------------------------------|----------|
| Water Supply—Capital Outlay | 1,72,357 |
| Water Supply—Establishment, repairs, etc. | 2,84,054 |
| Drainage—Establishment, repairs, etc. | 42,943 |
| Conservancy, Road-cleaning, Watering and Latrines | 57,809 |
| Health Officers and Public Health Inspectors | 46,900 |
| Markets and Slaughter-houses | 99,524 |
| Public Works—Roads | 44,491 |

Increase on Public Instruction was Rs. 40,492. Under the head "Extraordinary and Debt" there was an increase of Rs. 58,658 under "Deposits."

6. The total capital expenditure on water supply was Rs. 2,29,848 as compared with Rs. 57,491 in the previous year and Rs. 1,89,553 in the year before, the particulars of the larger schemes being as follows :—

| | Rs. |
|-------------|--------|
| Pegu | 7,767 |
| Nyaunglebin | 76,886 |
| Minhla | 58,311 |
| Yenangyaung | 65,932 |
| Maymyo | 13,418 |

The total amount of revenue realized from water tax was Rs. 2,95,731 as against Rs. 2,86,270 in the preceding year. Grants continued to be sanctioned by the Provincial Public Health Board.

Tube-wells were a success at Insein. At Thônzè the tube-well supply collapsed suddenly in July 1927, while at Gyobingauk over Rs. 9,000 was spent on an experimental tube-well but without success. It appears that no water at a reasonable depth is available in the heart of Gyobingauk Town. In view of the scarcity, a second attempt was made on the "no water—no payment" basis but this also was unsuccessful. Kyaikto has found a natural spring 11 miles from the town with a supply sufficient for the wants of the town, but the cost of obtaining the supply from this source is estimated at about 3 lakhs.

The people of Toungoo, which has some 2,000 surface-wells, and the people of Tavoy are not disposed to improve their water supply. A grant of Rs. 2,00,600 and a loan of Rs. 1,00,000 were made to the Myingyan Municipal Committee, and the construction of the water-works was put in hand in December 1927. A grant of Rs. 16,959 was made to the Bassein Municipal Committee for tube-wells, and 7 surface-wells were sunk towards the cost of which a grant of Rs. 10,000 was made in the previous year. The Nyaunglebin Municipal Committee received a grant of Rs. 50,000 as part contribution towards its water-supply scheme which was nearing completion at the end of the year. The Minhla and Taungdwingyi water-works were completed.

The following municipalities had under consideration or under execution schemes for provision or extension of water supply :—

- | | | |

| 1. Salin. | 10. Nattalin. | 19. Pyapôn. |
| 2. Magwe. | 11. Nyaunglebin. | 20. Kyaikto. |

7. The Pyu Municipal Office was burnt down in November 1927 and all important papers destroyed. Incendiarism was suspected—as defalcations by the Secretary and a tax-collector had been discovered, but the Police were unable to discover the culprits.

At Paungdè eight houses, all insured, were burnt down, and the loss was estimated at about Rs. 40,000.

An attempt to burn down the cloth-bazaar in the same town was made in December 1927. The smell of burning cloth attracted attention and the fire was put out. Paungdè has become notorious for its

outbreaks of fire. The Committee candidly expresses the opinion that overinsurance of bazaar stalls and private dwelling houses in the town is one of the causes of fires breaking out every year.

At Toungoo.—There were three fires which were successfully dealt with by the Fire Brigade.

At Myingyan.—Six or seven houses were burnt down and the loss was estimated at about Rs. 10,000.

At Pakôkku.—An oil-mill worth Rs. 5,000 was burnt down with the loss of one life. In another fire, 16 houses worth about Rs. 8,000 were destroyed.

At Pegu.—But for timely assistance a whole quarter of the town of Pegu would have been burnt out.

At Nyaunglebin.—Five substantial buildings near the bazaar were burnt down, and the loss was estimated at 1½ lakhs. The occupier of one of the houses has been prosecuted for incendiarism.

At Prome.—The following big fires occurred, and the damages to premises and goods were as noted against each :—

| Particulars. | Damages. | Remarks. |
|---------------|----------|-------------------------------------------------|
| Rice Mill ... | ... | Insured for Rs. 60,000; incendiarism suspected. |
| House ... | 15,500 | Do. |
| House ... | 20,000 | ... |

At Bassein.—One of Messrs. Steel Bros.' mills caught fire, and damage to the extent of 1½ lakhs was sustained.

In Mandalay.—The Fire Brigade answered 33 calls, of which one was a false alarm. The Brigade did not attend any calls from outside the municipal limits. The total loss by fires within the municipal limits was Rs. 1,13,628, out of which the amount covered by insurance was Rs. 28,500.

The number of municipalities and notified areas lighted by electricity remained the same as in the previous year, namely :—

Moulmeingyun, Nyaung-U.

Licenses under section 3 of the Indian Electricity Act were granted during the course of the year in Pyapôn, Taungdwingyi, Kyauksè (since revoked), Akyab and Mandalay. Only one sanction, *i.e.* in Syriam, under section 28 of the Act was granted.

8. Large drainage-schemes were under construction at Akyab, Insein and Myingyan. Among the larger towns Drainage. Pegu, Bassein and Henzada are still without a satisfactory drainage system. Schemes for these towns have been initiated, but those of Bassein and Henzada have not progressed, apparently owing to congestion of work in the hands of the Water and Sewerage Engineer, Burma. The Maymyo Drainage project is also delayed owing to the same cause. At Bhamo, a contour survey of the lakes in connection with Anti-Malaria Measures was completed. Low-lying parts of Sagaing occupied by some 150 houses were inundated owing to heavy rains and the rise of the Irrawaddy.

9. Although the conservancy-staffs are composed of imported Indian labour, Burma Municipalities, unlike those in Bengal, did not appear to experience difficulty as regards recruitment or retention of hands. The Municipal reports are mostly silent on these points. The Moulmein report, however, makes mention of a shortage of staff, and the Bassein report of a threatened strike.

The existence or non-existence of public latrines is not mentioned in most of the reports. The small Municipality of Thóngwa reports that it had provided eight such latrines ; Kyaikto reports 2 ; Sagaing 17

(each of 4 seats) ; Taungdwingyi 11 ; and Prome 54. The Salin report states that the existing ones were to be replaced by latrines of modern type. The Bassein report mentions the construction of a new public latrine on the model of the public convenience in Fytche Square, Rangoon, at a cost of Rs. 3,384. There is very little in the reports to indicate whether any responsibility has been assumed by the municipalities for the proper housing of their menial staffs. The Zigôn and Syriam reports mention that a new barrack was built at each place during the year under review for conservancy coolies.

10. The construction of a new fish-bazaar at Kyaukpyu was completed, but the municipal committee considered that it will require further extension as the space has been found insufficient and unduly cramped. In Syriam an open shed was constructed and the fish-market extended, and at Thônghwa certain improvements to the bazaar were effected. The Letpadan Municipal Committee has reported that the scheme for the construction of a new bazaar-building on the Post Office site was held in abeyance for want of funds. The construction of a new bazaar block by the Pegu Municipal Committee was administratively approved and the work was put in hand.

Thirteen pucca stalls were constructed at Insein, and improvements and additions were carried out in the fish market.

The Wakèma Municipal Committee completed the construction of a fly-proof fish-bazaar, while at Toungoo a new vegetable-market was constructed, and an electrically driven plant installed for pumping water for use in the market.

At Kyaikto a new bazaar costing Rs. 2,082 was constructed, but the Municipal Committee has reported that the bazaar is not popular owing to the existence of shops in private buildings in the vicinity.

Two new vegetable-sheds were constructed by the Shwebo Municipal Committee, and in Mònywa the construction of fly-proof fish and pork stalls was kept in abeyance for want of funds.

The Pakòkku Municipal Committee reported that the construction of the bazaar buildings which had been started during the previous year had not been completed during the year under review, although according to the terms of the contract the work should have been completed by the 7th February 1928.

Pork and mutton stalls were constructed by the Yamèthin Municipal Committee.

11. Expenditure from Municipal revenues in 1925-26 was Rs. 83,060, in 1926-27 Rs. 69,993, and in the year under review only Rs. 52,698. This expenditure is additional to assignments under the Hospital Finance Scheme. The total contributions from Municipal Funds to

Hospitals and
Dispensaries.

Hospital Funds under the scheme amounted to Rs. 4,79,513. Statistics of the receipts and expenditure of Hospital Funds under the Hospital Finance Scheme during the year ended 31st March 1928 are given in Appendices B and C to the Review.

A number of new hospital buildings were completed during the year, including those of which particulars are given below :—

Salin.—A female dressing room erected at the expense of U San Hla Gyaw, a member of the Salin Municipal Committee.

Syriam.—A bathroom and lavatory attached to the Labour Ward, given by Messrs. The Indo-Burma Petroleum Company, Ltd.

Minhla.—The Ma Mai Lwin Memorial Maternity Ward was opened in January 1928.

Wakema.—A new building to accommodate 32 additional beds was opened in August 1927.

Ma-ubin.—A new double-storeyed Out-patients' building given by U Po Kyaw, landholder and banker, was completed and opened by the Commissioner.

Pyapôn.—The U Thet She Maternity Ward, the gift of U Thet She, A.T.M., T.P.S., a leading resident of Pyapôn, was opened by His Excellency the Governor in January 1928.

Bhamo.—New buildings were completed in November and occupied from the 1st December 1927.

His Excellency acting with his Ministers again desires to express to the donors mentioned above his warm appreciation of their generosity in making such munificent gifts in aid of suffering humanity. His Excellency also extends his thanks to all those who have made contributions to the Hospital Funds and especially to :—

Payataga U Po Sein, T.P.S., for a donation of Rs. 500 to the Allanyo Hospital Fund.

U Nyo, Honorary Magistrate, Upper Pazundaung, Rangoon, for his endowment of one lakh of rupees towards the maintenance of the Thônghwa Hospital and Maternity Ward.

U Ba Thein Maung, Landholder, Member of the Hospital Committee and Vice-President of the Thônghwa Municipal Committee, for a donation of Rs. 1,000 to cover the cost of an operation-table with accessories for the Thônghwa Hospital.

U Ba Thane for a donation of Rs. 500 for equipment for the Minhla Hospital.

Mr. Sohan Singh, Station Master and ex-Member of the Municipal Committee, for presenting to the Meiktila Hospital a new and up-to-date operation-table which was installed after the close of the year.

At Bassein a scheme for large extensions and improvements is in hand but is delayed owing to the fact that the scheme includes taking over the houses of the Commissioner and the Additional District and Sessions Judge and thus involves a subsidiary scheme for providing new quarters for these officers.

The Mandalay Hospital buildings are generally in an unsatisfactory state, and a scheme of reconstruction estimated to cost over 27½ lakhs of rupees has been prepared and is being carried out in parts as funds permit. A new block of women and children's wards has been constructed and is ready for occupation.

12. It is pleasing to find, while the Local Government is still in the preparatory stages with a Bill to provide Public Instruction. Compulsory and Free Education, that two Municipalities have gone ahead and provided facilities for free education on their own account. Insein opened a free Municipal School which has now an attendance of over 200 pupils, and Pegu opened a similar school, which is also well attended.

The Minhla Municipality assigned only 2·96 per cent. of its gross revenues for educational purposes, which is the lowest percentage assigned by any municipality. The highest was 39·73 per cent. by the Ngathainggyaung Municipal Committee which appears to be devoting too much of its income to Vernacular education. Nine Municipalities assigned over 15 per cent. Mergui complained that its percentage of 17·29 was too high. The Commissioner, Tenasserim Division, agrees with it and has suggested that the Committee should pursue a policy of concentration by eliminating unnecessary schools and seeing that there are not too many teachers.

The teaching of School Hygiene and the Medical Care of School Children were undertaken for the Yandoon Municipality free by Dr. M. H. Peter for the greater part of the year. He was succeeded by the Sub-Assistant Surgeon of the Civil Hospital, Yandoon, on an allowance of Rs. 30 per mensem.

Twelve Municipalities maintained Municipal Vernacular Schools. Moulmein has inaugurated a wise policy of concentration.

13. The number of Notified Areas increased by one, the new area being that of Chauk in the Magwe District. Notified Areas. Excluding opening balances of Rs. 4,12,505 and extraordinary income of Rs. 19,205, the total income rose from Rs. 5,82,591 to Rs. 6,66,654, revenue and taxation increasing from Rs. 1,98,944 to Rs. 2,71,677 and income from other sources from Rs. 3,83,646 to Rs. 3,94,976. Ordinary expenditure rose from Rs. 5,28,155 to Rs. 5,86,830 and extraordinary expenditure from Rs. 19,593 to Rs. 23,767.

14. Excluding opening balances, the School Funds in Lower Burma at Akyab, Bassein, Ngathainggyaung, Myaungmya, School Funds. Wakema, Ma-ubin, Yandoon and Danubyu had receipts amounting to Rs. 1,26,899. Expenditure amounted to

Rs. 1,15,795. As a School Fund was started by the Maymyo Municipality, there are now two Municipal School Funds in Upper Burma. The total income and closing balance were as follows :—

| | | | Total Income. | Closing Balance. |
|----------|-----|-----|------------------|---------------------|
| Mandalay | ... | ... | 99,215 | 1,826 |
| Maymyo | ... | ... | 12,473 | 8,890 |

15. Registration of births and deaths does not appear to have received sufficient attention in many towns. Only about one-half of the 77 Municipalities and Notified Areas in the Province have adopted the model bye-laws.

The Provincial urban birth-rate was 27·98 against 28·75 in 1926 and 27·10, the quinquennial mean. Higher rates than the last year were returned from 26 towns but rates lower than the urban average were returned from 39. The cause of low birth-rates in towns in Lower Burma is disparity of the sexes due to the presence of a floating population of imported male labour. Defective registration, and emigration to rural parts when epidemics break out, are also causes of reduced birth-rate in certain towns.

The death-rate in urban areas was 36·21 in 1927, as against 37·41 in the previous year, and 36·52, the quinquennial mean. Forty towns had death-rates below their previous year's figures. There was a decrease in deaths under all heads except small-pox, plague fevers and injuries. The death-rate from plague was 2·00 against 1·52 and from small-pox 56 against 38 as compared with the previous year.

The urban infantile mortality figure for the year was 291·01, or 19·57 less than in 1926 and 4·25 less than the five years' mean. A decrease in the figure was recorded in 45 towns. Ratios below 200 were returned from 16 towns in Lower Burma, but from none in Upper Burma.

Whole-time Health Officers were employed in Mandalay, Moulmein, Bassein, Akyab, Maymyo, Prome and Pegu.

16. About half of the 57 Municipal Reports may be described as well printed ; of the remainder, about a dozen are distinctly poor. The contents of the reports vary in quality, with meagre reports preponderating. Reports which can be called full were received from about 16 municipalities only. The reports from Mònywa and Bassein were the best in this respect. In Circular No. 5 of 1928, dated the 27th January 1928, the Local Government requested Municipal Committees to make special mention in their annual report (1) of any improvement of the ferry-service effected by the local authority at the cost of the lessee and (2) of any improvements of landing-places or of the means of crossing made by direct expenditure from the local fund. Only eight reports complied with the request.

The reports were generally silent on the question of housing of the menial staffs. The hospital staffs appear to be provided with quarters. It would have been interesting to know what action has been taken by the Municipal authorities in this respect.

The following new bye-laws framed by Municipalities were notified during the year :—

| | | |
|-----------------------------|------------------------------------------------------|---------------|
| Section 30 | ... (Procedure, power and duties of officers, etc.). | Meiktila. |
| Sections 89, 90, 92 and 93. | (Buildings, Lodging houses) | Kyaukpyu. |
| Section 142 | ... (Pounds) ... | Danubyu. |
| Do. | ... (Keeping of ducks) | Pegu. |
| Do. | ... (Storage of hides) | Akyab. |
| Do. | ... (Carts and carriages) | Myanaung. |
| Do. | ... (Burial and burning grounds) | Taungdwingyi. |
| Do. | ... (Keeping of animals) | Nyaunglebin. |
| Do. | ... (Sunken logs) | Pegu. |

The Bill to consolidate and amend the law relating to Municipalities in Burma, which was introduced in the Burma Legislative Council in the preceding year, was subjected to scrutiny during the year under review at meetings of the Select Committee which completed its labours by January 1928. The report of the Select Committee was presented to the Burma Legislative Council on the 13th February 1928, and a motion that the Bill should be re-circulated with the report to elicit further public opinion was carried. It was accordingly re-circulated, but its further consideration has been postponed pending the receipt of the report of the Simon Commission which, it is felt, is certain to recommend many radical changes.

The Local Government desires to acknowledge its appreciation of the public spirit shown by the following members of Municipal Committees, Municipal officials and other gentlemen in connection with Municipal administration :—
