MARTINUS NIJHOFF, The Hague, Holland.

* For the sale of official publications excluding those of the Legislative Department of the Government of Burma.

NOTICE TO SECOND EDITION.

The first edition of the B Volumes of the District Gazetteer issued in September 1906 was in many respects an experimental publication. Experience has suggested considerable condensation in many directions and a more systematic arrangement of the information given. Furthermore, the Town and Village Census Tables issued as Parts III and IV of the Burma Census Report of 1901 were inconveniently bulky for frequent reference. The decision to publish them in district volumes naturally suggested their amalgamation with the B Volume of the District Gazetteer, a suggestion which has been carried into effect.

The resultant modifications are briefly :—

- (i) Reduction from folio to octavo size.
- (ii) Inclusion of a Table of Contents.
- (iii) Condensation of Tables giving general information concerning principal towns and villages.
- (iv) Addition of list of fisheries.
- (v) Omission of Township details in Tables IV and XIII.
- (vi) Omission of Tables VII, XX, XXII and XXV.
- (vii) Addition of Town and Village Census Tables.

2. An important change has been made in the grouping of figures for the Town and Village Census Tables. The majority of District Officers, who were consulted, criticised the grouping by residential units on the grounds—

- (i) that a large proportion of the hamlets entered could not be identified ;
- (ii) that the tables while purporting to give residential units really gave in many instances the artificial groups which had been adopted as census blocks ;
- (iii) that a comparatively large number of entries such as *hlesaik* (landing place), *lèdè* (field hut), *tèzu* (collection of huts), which were not really hamlets, detracted from the value of the Tables ;
- (iv) that statistics by residential units were not required for administrative purposes ;
- (v) that grouping by hamlets rendered the Tables for a Township so long that speedy reference was impossible.

These criticisms suggested that a grouping by village-tracts would meet the requirements of local officers. This course has been adopted though with somewhat disappointing results. It has been impossible in many cases to reconcile the lists of village-tracts as given in the Census Records and as entered in the District Registers. Even when the reconciliation has been effected it has sometimes been impossible to allot the population enumerated to the village-tracts as finally determined. Many obvious errors have been detected but their correction would entail a disproportionate amount of labour. The defects in the Census Village Tables must be regarded as the inevitable result of the defects in the official records of village-tracts, and serve to indicate the necessity for a thorough reform of the records concerned with village administration in most districts.

The first part of the report deals with the general situation of the country and the progress of the work done during the year. It also contains a list of the names of the members of the committee and the names of the persons who have been appointed to various positions.

The second part of the report deals with the financial statement of the committee for the year. It shows the total amount of the income and the total amount of the expenditure. It also shows the balance of the fund at the end of the year.

The third part of the report deals with the work done by the committee during the year. It describes the various projects which have been carried out and the results which have been achieved. It also describes the work which has been done in connection with the various committees and sub-committees.

The fourth part of the report deals with the work done by the committee in connection with the various committees and sub-committees. It describes the work which has been done in connection with the various committees and sub-committees.

The fifth part of the report deals with the work done by the committee in connection with the various committees and sub-committees. It describes the work which has been done in connection with the various committees and sub-committees.

The sixth part of the report deals with the work done by the committee in connection with the various committees and sub-committees. It describes the work which has been done in connection with the various committees and sub-committees.

The seventh part of the report deals with the work done by the committee in connection with the various committees and sub-committees. It describes the work which has been done in connection with the various committees and sub-committees.

The eighth part of the report deals with the work done by the committee in connection with the various committees and sub-committees. It describes the work which has been done in connection with the various committees and sub-committees.

The ninth part of the report deals with the work done by the committee in connection with the various committees and sub-committees. It describes the work which has been done in connection with the various committees and sub-committees.

The tenth part of the report deals with the work done by the committee in connection with the various committees and sub-committees. It describes the work which has been done in connection with the various committees and sub-committees.

RUBY MINES DISTRICT GAZETTEER.

PART I.—GENERAL INFORMATION.

RUBY MINES DISTRICT.

POSITION, AREA AND POPULATION.

Ruby Mines.—A District in the Mandalay Division of Upper Burma lying in the shape of a capital L of which the upright arm lies along the East bank of the Irrawaddy from $24^{\circ} 1' N$ down to $22^{\circ} 44' N$ with an average width of $16\frac{1}{2}$ miles while the horizontal arm runs eastward from the Irrawaddy from $95^{\circ} 58' E$ as far as $96^{\circ} 46' E$ and lies between North latitude $22^{\circ} 43'$ and $23^{\circ} 2'$. A small strip of land of an average width of two miles on the further or West side of the Irrawaddy between $23^{\circ} 9' N$ and $23^{\circ} 37' N$ is also included within the District. The Ruby Mines District has an area of 5,478 square miles and its population including the Mōng Mit State was 34,062 in 1891; 87,694 in 1901, and 100,618 in 1911. Up to 1st April 1906 the District also included Mōng Mit State which is now separately administered by a Chief under the general superintendence of the Deputy Commissioner, Ruby Mines District.

ADMINISTRATIVE SUBDIVISIONS.

Subdivision.		Township.			
Name.	Headquarters.	Name.	Headquarters.	Area in square miles.	Population.
1	2	3	4	5	6
Mogók ...	Mogók ...	Mogók ...	Mogók ...	610	96 381

IMMIGRATION AND EMIGRATION.

The following statement shows the immigration into an emigration from the Ruby Mines District including Mōng Mit State. The figures for

the three districts contributing most largely to the Immigration (Northern Shan States, Shwebo and Mandalay including City) and for the three districts affording the main outlets for Emigration (Bhamo, Katha and Northern Shan States) have been separately given. Emigration to countries beyond Burma is not shown:—

		Place of Enumeration.				
		Ruby Mines.	Emigration to			
Place of Birth.	Bhamo.		Katha.	Northern Shan States.	Rest of Burma.	
1	2	3	4	5	6	7
	Ruby Mines.	80,712	643	520	165	514
Immigration from	Northern Shan States ...	3,030	Total Emigration, 1,842.			
	Shwebo ...	2,645				
	Mandalay including City...	2,429	Total Immigration, 19,906.			
	Rest of Burma ...	4,940				
	India ...	2,120				
	Other Asiatic countries ..	4,051				
Beyond Asia ...	41					

This statement has been prepared from Imperial Table XI of the Census Report for 1911 on the following basis:—

Immigrants are persons who were born outside the district of enumeration.

Emigrants are persons enumerated in a district other than that in which they were born.

LITERACY.

Ruby Mines District including Möng Mit State.

Age.		Persons.	Males.	Females.	District literacy per 10,000 population.	Provincial literacy per 10,000 population.
