FROM

THE HON'BLE MR. J. P. THOMPSON, I.C.S.,

Revenue Secretary to Government,

Punjab and its Dependencies,

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,
DEPARTMENT OF REVENUE AND AGRICULTURE.

Dated Lahore, 26th June 1914.

Revenue and Agriculture.
General.

SIR,

I AM directed to submit, for the information of the Government of India, a copy of the report on the administration of the estates under the Court of Wards in the Punjab for the year ending the 30th September 1913.

2. The management of all estates continues to be satisfactory.

Three estates were released during the year and were handed back free of debt and with increased assets.

3. The problem of the disposal of surplus balances continued to present difficulties during the year, but an excellent opening for investment has recently been afforded in the auction sales of Government waste land in the Lower Bari Doab area. Four of the larger estates, namely, Kot Fateh Khan in Attock, S. Hardit Singh in Rawalpindi, Mamdot in Ferozporè and Manauli in Ambala, availed themselves of this opportunity and purchased over 4,400 acres at a total cost of more than 12 lakhs. The average price was Rs. 273 per acre. Further opportunities of the same nature will occur during the present and the coming year.

The question whether the investment of wards' money is subject to the restriction of the Indian Trusts Act is one of great importance. The highest legal advice has been taken, and in the opinion of the Advocate-General, Bengal, section 17 (1) of the Punjab Court of Wards Act does not make the Indian Trusts Act applicable so as to bar the investment of wards' funds otherwise than in accordance with sections 20 and 21 of the Indian Trusts Act, though in ordinary circumstances the wards' money should be invested in securities authorised by those sections.

4. The steady reduction in the liabilities of indebted estates is a matter for satisfaction. The report indicates, however, that there is in some estates a tendency to laxity in the collection of rents, and that expenditure on permanent improvements might be increased with advantage. The intervention of middlemen in some of the larger estates appears to be a source of trouble, and there are obvious advantages to both parties in the estate dealing direct with its tenants. The Lieutenant-Governor would be glad to see this system encouraged and extended as far as possible.

5. The Lieutenant-Governor has read with interest the account given in paragraph 6 of the various developments in the larger estates in the way of horse and cattle-breeding, fruit culture, grain marts, &c. In the case of the more prosperous estates he desires to see such developments encouraged, where they are likely to succeed.

He is glad to see that a tenants' co-operative society is being started in the Kot estate, and considers that every large estate, with a considerable body of tenants, should take similar action, for a contented and unembarrassed tenantry is the best asset an estate can possess.

The education and subsequent training of the wards are quite as important as the good management of their estates, and the Lieutenant-Governor observes that these are receiving the careful attention of the Court of Wards.

I have the honour to be,

SIR,

Your most obedient Servant,

J. P. THOMPSON,

Revenue Secretary to Government, Punjab.

H. A. SMITH, Esquire, I.C.S.,
Senior Secretary to the Financial Commissioners, Punjab,

TO

THE HON'BLE MR. J. P. THOMPSON, I.C.S.,
Revenue Secretary to Government, Punjab.

The Hon'ble Mr. H. J. Maynard.

SIR,

I AM directed to submit the Annual Court of Wards Report for the year ending the 30th of September 1913.

I have the honour to be,

SIR,

Your most obedient Servant,

H. A. SMITH,

Senior Secretary to the Financial Commissioners, Punjab

REPORT
ON THE
ADMINISTRATION OF ESTATES
UNDER THE
COURT OF WARDS
IN THE
PUNJAB

For the year ending 30th September 1913.

1. During the year 1912-13 the Court of Wards had 50 estates under management. Of these three were released during the year. The Court was managing estates with gross assets amounting to over four crores of rupees. The largest estates are Mamdot (value 85 lacs), S. Hardit Singh (value 48 lacs) and Shekhupura (value 31 lacs). The total liabilities of the estates under management are 7 lacs, as against 33 lacs on the date of assumption of charge. Of the present liabilities, the Sher Shah estate in Multan claims nearly 2 lacs and the Guler estate in Kangra 1½ lacs. Three other estates owe sums between half a lac and one lac. Twenty-seven estates are either absolutely or practically free from debt. Five estates have an income of over a lac, and seven have an income of over half a lac.

Estates under management.

2. No new estate was taken under management during the year. Three estates were released:—

Estates taken over and released from superintendence.

(1) *The Arnauli estate in the Ambala District.*—Arnauli was taken under management in 1897. The small debt of Rs. 16,000 has been paid off. The landed property of the estate has increased from 853 to 1,002 acres. Rupees 1,04,000 have been spent on permanent improvements. The value of the house property has risen from Rs. 34,000 to Rs. 85,000, and the total assets of the estate have swelled from Rs. 91,000 at the time of assumption of charge to Rs. 2,73,000 at the date of release.

(2) *The Mallanwala estate in the Ferozepore District.*—This estate was taken over in 1899. It had then a debt of Rs. 1,05,000 and its total assets were Rs. 2,68,000. The debt has been paid off and the estate restored to the owners with total assets amounting to Rs. 2,35,000.

(3) *The Bhagowala estate in the Gurdaspur District.*—This estate was taken over in 1909. One share in the estate was released last year. The remaining two shares had in 1909 a debt of Rs. 19,000 and assets amounting to Rs. 62,000. These shares have been handed back free of debt, while the assets are now worth Rs. 81,000.

3. Reports received show that the subject of investment engages the careful attention of all the Deputy Commissioners concerned. The difficulty of finding suitable investments should diminish with the forthcoming auctions of Crown lands on the Triple Project Canals, but is still felt. Even the recent Bank failures and the consequent tightness of money have not made property owners so ready to sell land or houses as might have been anticipated. Large numbers of them are anxious to mortgage, but mortgage is a far less suitable investment for wards' money than purchase. With cash balances amounting to nearly 13 lacs at the end of last year Deputy Commissioners were only able to invest half a lac in purchase of land, and rather less in

Assets and investments.

the purchase of house property. Loans on security of land were made to the extent of Rs. 1,30,000, and Rs. 1,17,000 were invested in securities. The price fetched by land auctioned in the colonies in 1913 was too high for the Rangar Nangal estate, but several managers intend to bid for colony land in Montgomery. Butala is the only estate that has purchased any considerable area of land this year, while the only important purchases of house property recorded are by Manauli and the Hardit Singh estate. Loans to other wards account for Rs 18,000 only, but loans to outsiders came to Rs. 1,14,000, all secured on landed property. The question whether the investment of wards' money is subject to the restrictions of the Indian Trusts Act, 1882, is engaging the attention of Government's legal advisers.

4. The total liabilities of estates under the Court are less by Rs. 1,61,000 than they were last year. The Shekhupura estate is free of debt for the first time since it was taken over. Kamalia is practically free, while the Jalpana estate in Mianwali has paid off nearly all the principal owed to Government. Faridpur has consolidated its debts at a considerable reduction of the total. The most heavily indebted estate is Sher Shah which owes Rs. 1,95,000. On the assumption of charge in 1900 the total debt was Rs. 3,18,000. Rupees 23,000 were devoted to the reduction of debt during the year. Guler has a debt of Rs. 1,60,000, mostly owed to the Raja of Tehri Garhwal, to whom an annual instalment of Rs. 15,000 is paid. In general the few estates that are considerably involved are making good progress towards solvency. Bhabaur, in the Hoshiarpur district, which was mentioned in this connection last year, still owes the same amount (Rs. 57,000). But the loan bears no interest as the land of the ward is mortgaged with possession to the creditors. Some of this land is now being redeemed by means of a loan from Mamdot, and it is hoped that direct management will increase the income and enable some progress to be made towards liquidation.

5. The total amount of rent in arrears is still very heavy, though less by Rs. 16,000 than last year. Kartarpur, Mamdot, the Shahpur estates and Sher Shah have all reduced their outstandings, but those of Sidhowal have doubled, while in Luddan outstandings have suddenly leapt up from Rs. 2,000 to Rs. 54,000, a figure which contrasts strangely with the Deputy Commissioner's remark that rents are almost always easily collected. The outstandings of the Hardit Singh estate remain at about the same amount. Most estates deal direct with their tenants. Mamdot and Sher Shah report trouble with the lessees. The new leases in Mamdot are being granted with care and attention to the interests of the ward and with consideration for the old tenants.

6. The expenditure on permanent improvements during the year is somewhat disappointing. It amounted in all to Rs. 1,30,000, which is slightly less than last year. Mamdot is returned as spending half a lac, but Rs. 20,000 were arrear payments. Various schemes of expenditure are now in contemplation, including improvements to roads and canals. The stud at Hiraj is said to be well-managed, but again no account of the profits and expenditure has been furnished. The stud consists of 30 mares for pony-breeding and 30 mares for mule-breeding. The Guru Harsahai estate also keeps ten brood mares at Hiraj. Sheep are bred on the Mamdot estate, and the experiment is paying well. The cattle farm has yet to shew a profit. Much the most enterprising estate in the Province is that of Kot Fateh Khan in the Attock district. The stud sells most of its young stock to the Remount Department, the average price last year being Rs. 308. Various prizes were taken at the Great Punjab horse show, including the silver cup for hacks. Kot breeds also camels, cattle and sheep. A fruit garden has been planted, and the management have started a small grain mart which may in time rival Fatehjang. The estate is also starting a co-operative society for its tenants and a weaving school. The Hardit Singh estate is mainly urban property, though the wards own considerable

areas in the Lower Chenab Colony. The Commissioner of Rawalpindi thinks that the estate should be managed in a more public-spirited fashion. His suggestions in this behalf will be awaited with interest.

7. Twenty wards are being educated at the Aitchison College—an increase of six since last year. Three juveniles have been sent to Queen Mary's College. The possibility of sending five more wards to the Aitchison College is under the consideration of the Financial Commissioner. The employment of wards who have completed their school or college education, as Assistant Managers of their own estates, is also engaging his attention as an educative measure. It is on the moral and the human side that Court of Wards management is least uniformly satisfactory.

8. The professional audit of the accounts continues to be of the greatest value. Various irregularities in estate management have been brought to light by this agency and rectified. The management of the various estates is good. The Financial Commissioner wishes particularly to acknowledge the services of Lala Ram Chand in the Hardit Singh estate, Malik Muhammad Hyat Khan at Mamdot and M. Sher Khan at Kot. The total cost of management is slightly over $1\frac{1}{2}$ lacs, or 8.5 per cent. of the total ordinary income of the estates. A comparison of the incidence of cost of management in individual estates would be misleading, because of the varying nature of the property. Jagir income is collected very easily and cheaply, while rents in kind present considerable difficulties, and house property and cash rents occupy an intermediate position between the two.
