**Draft review of the Annual Report on the Administration under the Court of Wards in the Punjab for the year ending 30th September 1928.**

*Proceedings of the Governor of the Punjab in Council, No. 4329-D., dated 6th September 1927.*

THE scanty comfort to be got from the decrease in number of this regiment of estates from 50 to 48 becomes cold indeed when it is noted that the cultivated area under charge of the Court of Wards has increased from  $1\frac{2}{3}$  lakhs to nearly 2 lakhs acres, with a land revenue of Rs.  $2\frac{2}{3}$  lakhs as against Rs.  $2\frac{1}{3}$  lakhs in the previous year. The four districts of Ambala, Ferozepore, Multan and Dera Ghazi Khan account for no less than twenty of the estates, five in each district.

2. In the year under report the income from cash rents was Rs.  $6\frac{3}{4}$  lakhs and the income from sale of grain and other produce and stock was Rs.  $5\frac{1}{4}$  lakhs. The income per cultivated acre is then just Rs. 6-2-0 as compared with Rs. 7 in the previous year. The land revenue averages Rs.  $1\frac{1}{4}/6$  per acre, absorbing 20 per cent. of the above landlord's share. The cost of management has decreased from Rs.  $2\frac{1}{10}$  lakhs to just under Rs. 2 lakhs, and works out at  $9\frac{2}{3}$  per cent. of the ordinary and  $7\frac{1}{3}$  per cent. of the total income—an improvement on last year's figures of 11 and 9.

3. The heading "assets and investments" in paragraph 3 of the report seems to be based on a "lucus e non lucendo" principle, as far as investments are concerned. This sum of  $7\frac{2}{5}$  lakhs represents idle cash in the Treasury, and the balance, though it has dropped from Rs.  $9\frac{1}{4}$  lakhs last year, is still unnecessarily high. The consignment of over  $\frac{1}{2}$  lakh by the Kalabagh Estate to the Central Co-operative Bank, Mianwali, in a *floating* account is or should be unusual.

4. Paragraph 7 of the report contains a twin lament on the unenlightened policy of Punjab squires and on the inconsistency of Government in its agricultural preaching and its agricultural practice in the

matter of the management of Court of Wards' estate. The province, it is true, has yet to wait for its Coke or Townshend, but Government's conscience is undisturbed by the criticism, and the Governor in Council would take the opportunity of emphasizing his sense of the obligations involved by the principles of wise and provident trusteeship. As noted in last year's review, the primary object of the Court of Wards is to rehabilitate the finances of the Ward's estate, and to effect improvements in the estate, and these improvements can be effected, without sacrificing the care which a trustee is bound to exercise over the finances of the property under his charge, by adopting the principles laid down in last year's report (paragraph 9) by the Financial Commissioner himself. The principles are unexceptionable: their application is a matter of administration. The Mitha Tiwana, and Tarkhanwala estates, for example, are using improved implements and selected seed: wheat and rice from the Tarkhanwala Estate won prizes at the Sargodha Horse Show.

By order of the Governor in Council,

W. R. WILSON,

*Secretary to Government, Punjab,*

*Revenue Department.*

**REPORT**  
ON THE  
**ADMINISTRATION OF ESTATES**  
UNDER THE  
**COURT OF WARDS**  
IN THE  
**PUNJAB**

*For the year ending 30th September 1928.*

1. *Estates under management and those released and taken over.*—During the year under report the Estates of Sohana, Manauli and Ramgarh (Ambala) and Faqir Sayed Najum-ud-Din (Lahore) were taken over. The Estates of Doha (Gurgaon), Amb (Hoshiarpur), Shahkot (Jullundur), Rangar Nangal (Gurdaspur), Ahmedabad (Jhelum) and Salarwahan (Multan) were released. Consequently 48 estates remained under superintendence at the end of the year, as compared with 50 at the beginning.

*Doha Estate.*—The Doha Estate was found to be hopelessly encumbered and was, therefore, released.

*Amb Estate.*—The Amb Estate was again taken under the superintendence of the Court of Wards after the conclusion of the year under report owing to the extravagance of the ward. Superintendence of his person, however, was not assumed; only his property and the persons of his younger brothers are now under superintendence.

*Shahkot Estate.*—The Shahkot Estate had been under the Court of Wards since 1919. Since that date its assets have been increased from Rs. 87,545 to Rs. 1,12,047 and its liabilities have been decreased from Rs. 7,818 to Rs. 2,150.

*Rangar Nangal Estate.*—The Rangar Nangal Estate had been under the superintendence of the Court of

Wards since 1908. Since that time its assets have increased by Rs. 53,000.

*Ahmedabad Estate.*—The Ahmedabad Estate had been under the Court of Wards since 1914. Since that time debts, amounting to Rs. 40,752, have been cleared off.

*Salarwahan Estate.*—This estate has been under the Court of Wards since 1903. The separate property of the elder ward was released in 1918 and the younger ward and the joint property of the estate have now been released. Debts amounting to Rs. 64,573 have been paid off altogether under the supervision of the Court of Wards.

*Manauli Estate.*—This estate had previously been under the Court of Wards. Investigations with regard to its indebtedness are still proceeding and as usual the latest estimates of debts show a very large increase on the original forecast.

*Najum-ud-Din Estate.*—This estate is also very heavily indebted. The creditors have consented to a scaling down of debts to about one-third of the original figure, but it is doubtful if even then arrangements will be possible to pay off the debts, while providing adequate maintenance for the family and the ward.

Of the estates taken under the control of the Court of Wards, three are situated in Ambala district. With regard to the estates of Sohana and Ramgarh, no final figures with regard to indebtedness are available, but in both cases the debts are heavy.

2. *Income and expenditure.*—The total ordinary income amounted to Rs. 20,25,543 as against Rs. 19,21,352 in the previous year. This increase is largely due to the full income of nearly a lakh of rupees from the Nawab Jamal Khan Estate having been credited during the year under report as against a nominal amount during the previous year when the estate had only just been taken over.

The total gross income was Rs. 26,69,247, as against Rs. 23,75,254 last year. The increase is due to the sale of land worth Rs. 46,847 by the Mamdot Estate

and of securities worth Rs. 2,72,500 by the Kalabagh Estate.

The total ordinary expenditure increased from Rs. 15,66,167 to Rs. 16,57,033. The Estate of Nawab Jamal Khan accounted for an increase of Rs. 61,000 out of this amount, since the full increase was not shown during the previous year. The remaining increase was chiefly due to the increase in the allowances of the wards and their families.

The gross expenditure increased from Rs. 21,88,915 to Rs. 26,76,684. A loan of Rs. 2,00,000 was made to Lieutenant Kanwar Jasjit Singh of Jullundur from the Mamdot Estate and the Kalabagh Estate purchased land in the Nili Bar Colony for Rs. 2,40,041.

3. *Assets and Investments.*—These decreased from Rs. 9,12,301 to Rs. 7,39,235 largely on account of the reasons given in the preceding paragraph.

4. *Reduction of debts.*—During the year under report Rs. 1,73,927 was paid off as against Rs. 1,18,318. Loans due to other estates rose from Rs. 1,58,071 to Rs. 2,22,090. The Estates of Buttar and Malaut borrowed Rs. 25,000 each from the Mamdot Estate. The Farrukhnagar Estate borrowed Rs. 14,000 from the Sidhowal Estate. The amount of outstanding loans, due to Government, increased from Rs. 1,57,229 to Rs. 1,64,785. Debts due to other persons increased from Rs. 8,58,511 to Rs. 12,54,427, chiefly on account of the taking over of the Najum-ud-Din Estate of Lahore with debts totalling Rs. 3,22,008 and the fixation of the debts of the Estate of Nawab Jamal Khan at Rs. 1,41,107.

An important matter of policy has been decided with regard to loans made by estates under the Court of Wards. It has been settled that in future the Court of Wards estates should lend money at the ordinary market rate of interest. At present this rate stands at about 9 per cent. In former days, an estate, under the supervision of the Court of Wards, enjoyed the benefit of being able to raise loans at 5 per cent. or 6 per cent. from other estates under the Court of

Wards, and this facility was an important factor in reducing indebtedness, especially where the liabilities were heavy and the annual income comparatively small. In consequence of the recent decision of Government, it is now no longer worth while to assume the superintendence of an estate which cannot free itself from encumbrance by borrowing money in the open market.

5. *Arrears of rent.*—The total recoverable arrears increased from Rs. 2,57,646 to Rs. 3,51,620. This increase was partly due to the Manauli Estate having been taken over with outstanding arrears of Rs. 27,228. The Sidhowal Estate has arrears of Rs. 22,051 and arrears in the Mamdot, Behk, Rani Chhaunian and Kesari Singh Estates are also heavy. The wheat harvest in the year under report was seriously damaged by dust storms in March and cultivators suffered severe losses all over the western half of the province. It is to be hoped that the recent wheat harvest, which was an excellent one in the same area, will enable the Managers of Estates to reduce the outstanding arrears to a very considerable extent.

6. *Expenditure on improvements.*—This increased from Rs. 1,22,946 to Rs. 1,72,437. The Mamdot Estate spent Rs. 7,214 on the construction of 8 new wells and Rs. 9,447 on the sinking of tubes in the existing wells.

It spent Rs. 21,370 on metalling and repairing the roads under the Estate. The electric light scheme has been completed and is working satisfactorily. It also supplies a current for the water-supply. The Kalabagh Estate spent Rs. 10,000 on the construction of family quarters, Rs. 3,560 on houses in the newly purchased land in the Nili Bar Colony and Rs. 3,754 on a granary at Masan.

The Behk Estate spent Rs. 16,306 on additional quarters, stables and wells.

7. *Agricultural Developments.*—Land administration is little understood in the Punjab, and the responsibilities of landlords towards the land and those

who work upon it are little appreciated. In England about one-third of the sum received as rents goes back to the land. Here it is customary to exact as high a rent as the local hunger for land permits, and to spend back as little as possible on improvements or amenities. In general, the managers of estates follow local custom and do little to effect improvements in agricultural practice or in the living conditions of the tenants. An exception is the agricultural farm at Jalalabad in the Mamdot Estate, which had a successful year and showed a small profit.

The Stud Farm at Chak Hiraj also showed a small profit in the matter of produce. The stud has now been almost entirely abolished. The polo ponies have been sold off and the best of the brood mares sold to the Army Remount Department. Other horses have been disposed of locally. Since the death of the late Nawab on the 16th March 1928, there has been no reason to continue this stud.

Apart from the above, managers did little to promote agricultural developments beyond planting a few fruit gardens, and it is doubtful whether they possess or command the knowledge and skill required to make fruit growing successful.

The Financial Commissioner is struck by the inconsistency in the action of Government in proclaiming the material advantages obtainable from the use of better seed and implements and the failure of Government to adopt its own advice in estates under the control of the Court of Wards. There should be considerable scope for improving the income of both tenants and wards by using the seed recommended by the Agricultural Department, and the adoption of methods of cultivation tried out by them. It is not suggested that wards' estates should be used for experiments. But where improvements have been fully tested, it is not easy to understand why managers should not insist on the adoption of these improvements wherever this is practicable. In the Mamdot, Mitha Tiwana, Tarkhanwala and Shah Jiwana Estates progress is being made. But, apart from these, little has been done in the direction of agricultural improvement. This report

would prove much more interesting reading if it could contain a record of steady progress along the road to better farming and better living on the estates.

The reports give the impression that little is being done to improve the standard of cattle and cattle-breeding on the estates. In this connection it is interesting to note that the three-quarter bred Merino sheep kept in the Tarkhanwala Estate have again done well, and that the leading local zamindars are beginning to make purchases from this flock.

The means whereby estates under the Court of Wards can be turned into examples of enlightened and profitable administration will be discussed with Commissioners; it may be that the class of managers usually recruited is handicapped in the adoption of new ideas by his previous experience.

8. *Miscellaneous.*—An additional sum of Rs. 3,000 has been spent by the Rani Chhaunian Estate on the *Muklawa* ceremony of a niece of the Rani.

Rupees 5,000 was spent on the marriage ceremony of the son of the ward of the Mitha Tiwana Estate. The Kalabagh Estate spent Rs. 30,975 on the marriage of the ward.

Rupees 14,737 was spent by the Isakhel Estate on the Sarfaraz Khan Wala Inundation Canal in Shahpur district, on a head regulator, gauge-reader's huts, and a bridge in accordance with the recommendations of the officer placed on special duty to report on the private inundation canals in Shahpur district. Arrangements have also been made to ensure that the canal in future will be more satisfactorily managed.

The death of the late Nawab Ghulam Qutab-ud-Din Khan of Mamdot, which was mentioned in the last year's report, actually took place during the year under report on the 16th March 1928. He left a widow and no son. The question of succession to this estate, which is the most important of all the Court of Wards estates in the province, is still under consideration.

As a result of the auditors' inspection of the Malaut Estate serious defalcations were discovered in October

1928. The late Manager is now standing his trial in connection with these and with further defalcations, which were subsequently discovered. The case has recently been brought into court.

The interesting Mitha Tiwana Estate civil appeal, in connection with section 16 (2) of the Court of Wards Act, is still pending in the High Court. The point at issue is whether a ward after his release is legally able to ratify a promise to pay debts incurred by his wife during the period when he was a ward.

9. *Education and Training.*—Mian Iftakhar-ud-Din of Baghbanpura is in residence at Balliol College, Oxford.

Malik Sher Mohammad Khan, son of the ward of Mitha Tiwana Estate, has been accepted as a 2nd Lieutenant in the Territorial Battalion at Jhelum.

Malik Amir Mohammad Khan of Kalabagh has proceeded to England under the guardianship of Lieutenant-Colonel R. W. E. Knollys, I. A., late of the Punjab Commission.

Sayed Abid Husain Shah of Shah Jiwana stood first in the annual examination of Form IV at the Aitchison College.

10. *Notice of Officers.*—The Mamdot Estate had had another successful year of management under Sheikh Nazir Ahmad and has continued to encourage progressive methods of agriculture.

Munshi Ghulam Rasul of the Mitha Tiwana and the Tarkhanwala Court of Wards Estates has done the same on a smaller scale, but with promising results, and so has Munshi Ghulam Ali, the Manager of the Shah Jiwana Estate.

Nawabzada Ahsan Ullah Khan of Kunjpura, General Manager of the Court of Wards Estates in Karnal district, has done another good year's work.
