Greenery is the Evidence of Allah

APPEAL

The Punjab Text book Board is a national institution, responsible for timely publication of high quality books at economical prices for the students of Punjab. However, a few unscrupulous publishers try to market pirate editions of our books with the sole motive of illicit profiteering. These books are produced on inferior paper with defective printing. In this way they not only cause financial loss to the Board but also damage its goodwill and reputation. Therefore, parents and students are requested to inform the Board about such cases to bring these elements to book and eliminate such malpractices. It may be added here that every book published under authority of the Board bears its insignia on the title page.

The students are advised not to purchase and additional books other than those prescribed by the Education Department and published by the Board

Syed Fazal Hussain

Chairman

Punjab Textbook Board,
21-E-II, Gulberg-III, Lahore.
